

Order No. 1

March 27, 2010

Congress of the Confederate States of America Is Hereby Re-Instated By the People

Tired of the long train of abuses by those in power, tired of the constant lies and slander told of our history and ancestors, tired of the constant amassing of power by the current federal government, and tired of the destruction of our constitutional republic it is time that we the people re-instate a more perfect form of government based upon the principles of our founding fathers.

It is time that we vindicate the cause for which our ancestors fought for. We must restore constitutional government so that our citizens can once again know the freedoms and liberties that those who lived in generations past once knew. The occupation of the Confederate States of America must hereby come to an end so that we can rid ourselves of those destructing our nation and return our nation and ourselves to prosperity!

We know those in power will not back down easy; they want to continue to amass more power at our expense. Secession was our given right, guaranteed to us by our Founding Fathers. When we exercised our rights in 1860 we were met with war and subject to a brutal occupation that has continued to this day. Our children have been led to believe we tried to leave to keep other human beings in bondage, we know that that is the most ridiculous lie. We have been made to continue to accept our punishment and re-writing of our history so that we Southerners remain silent. It is time we break our silence and end the abuses that are plaguing us today.

We have the power to restore constitutional government! We have the power to re-claim our liberties.
We have the power to return our nation to prosperity.
