

Re-Organization under Way

We have a monumental task in working to not only re-organize the congress of the Confederate States of America, but the government as a whole. We have laid the ground work necessary to accomplish this. In the coming months you will see our efforts expand as we continue to push forward. We are well on our way to finishing up our home on the internet, we have already had candidates apply to run as delegates to the congress in the upcoming election, and finally, we have begun registering voters.

Our next step is to continue taking delegate applications and register voters. We are anticipating running a full election within the Confederacy in the coming months. During this time we will also be planning and coordinating dates as well as a place to hold our first session since 1865!

We will also begin announcing positions that we need to fill in order to continue our efforts. We anticipate beginning to fill these positions beginning next week. Currently we will be seeking volunteers. However, as funding becomes available and begin we re-funding our government, these individuals will be compensated for their time. Continue to check back often as new announcements are made and we continue the organization process.

And don't forget to register to vote!
